PrimePOPSplint™

Ready Made POP Slab for Convenience and Strength

- ◆Stronger than hand made slab by 30%: No powder loss ensures stronger splinting.
- ◆Economical: Cost is comparable with hand made slab.
- ◆Time Saving: Foam padding and wing provide protection against sharp edge.
- ◆Excellent appearance: Simple and clean application and no mess of hand made slab.

1. Pass Splint through water quickly. DO NOT SOAK.

2. Squeeze lightly and remove excess water.

3. Stretch splint to remove wrinkles and laminate plaster.

Place Prime POP splints on limb. Wrap smoothly with elastic bandages until Prime POP splint will be harden.
